

Slide Digitalization & Image Analysis Services Order Form

How it works

- 1 Complete this form, print, sign and send it along with your glass slides
- 2 We will clean your slides, and manually focused your samples to ensure all areas are captured with sharpness to lend images to incomparable plasticity and depth. Do not have samples ready on slides? No worries, send it to us and we will get them ready to be imaged!
- 3 KASM carefully packages and returns your glass slides

Mail or Drop off Your Order to our Imaging Facility:
